

# HWY H<sub>2</sub>O CONFERENCE 2021

CONFERENCE2021

## CALL FOR SPEAKERS

Event Date: November 16-18, 2021

As the Great Lakes St. Lawrence Seaway System is in the midst of another busy navigation season moving cargo on the Great Lakes, the Hwy H<sub>2</sub>O team has begun planning their annual Hwy H<sub>2</sub>O Conference to take place in Toronto, ON Canada, on Tuesday November 16th to Thursday November 18th, 2021. It's been quite the journey navigating through the pandemic and adjusting to uncertainty, but enthusiastically, we are moving forward and planning the in-person yearly gathering that has become a must for everyone involved or interested in maritime transportation and the Great Lakes.

In an effort to ensure attendees receive the most relevant and interesting information from our conference, this year Hwy H<sub>2</sub>O welcomes you to submit proposals for presentations on one or more issues/topics you'd like to address within these three categories:

- Economic Sustainability - e.g. profitability, digital solutions, business management efficiencies not sought before, building for the future, awareness of financial institutions
- Social Sustainability - e.g. removing barriers, women in the marine industry, generation gap
- Environmental Sustainability - e.g. carbon emission control, port participation for change, ocean health

If you are interested in submitting your ideas, please send them to [hwyh2o@seaway.ca](mailto:hwyh2o@seaway.ca)

Send proposals to:  
[hwyh2o@seaway.ca](mailto:hwyh2o@seaway.ca)

**Submission Deadline: June 30, 2021 @ 12PM**
